REACH Compliance Statement

Dear Customer,

Bachmann continually monitors the development of the regulation EG no. 1907/2006 (REACH) Article 33 and fully supports its objective of improving the protection of human health and the environment through better and earlier identification of the properties of chemical substances.

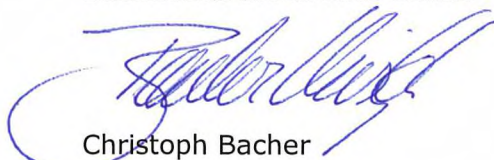

In terms of REACH Bachmann electronic GmbH, as a manufacturer of electronic products, is a so-called downstream user. The delivered goods are products and therefore are not to be defined as substance or preparation (in accordance with article 3 - definition). Furthermore, the products purchased by you do not present a risk of releasing any substance under normal and reasonably foreseeable conditions of use. Consequently, Bachmann electronic GmbH is neither obliged to register nor to provide safety data sheets.

Furthermore, we will comply with our obligation to inform according to REACH, article 33 immediately, should our products be considered by the European Chemicals Agency (ECHA) to be substances of Very High Concern. We don't expect this to happen.

If products contain SVHCs which exceed the limit of 0,1%, then the stakeholders involved in the supply chain must be informed, even if the chemical substances are not released under normal or reasonably foreseeable conditions of use. In this case, Bachmann will pass on the information within the supply chain to the best of our knowledge and belief and in accordance with the REACH regulation, article 33.

Best regards

Bachmann electronic GmbH

Christoph Bacher
Director Operation
Bachmann electronic GmbH

Beat Rünzler
