

Certificate of Compliance

Certificate Number:

20250110-E544002

Report Reference:

20250110-E544002

Issue Date:

2025-01-14

Issued to:

Bachmann electronic GmbH

Kreuzaeckerweg 33 Feldkirch 6800

Austria

This certificate confirms that representative samples of:

FTPM - Controllers for Use in Power Production

FTPM7 - Controllers for Use in Power Production Certified for Canada

Has been evaluated by UL LLC and/or ULC Inc. in accordance with Standard(s) for Safety:

UL 6200, 1st Ed., Issue Date: 2019-05-31

ULC 6200, 1st Ed., Issue Date: 2019-05-31

Additional Information:

See UL Product iQ® at <https://iq.ulprospector.com> for additional information.

This Certificate of Compliance indicates that representative samples of the product described in the certification report have met the requirements for UL certification. It does not provide authorization to apply the UL Mark and/or ULC Mark. Only the Authorization Page that references the Follow-Up Services Procedure for ongoing surveillance provides authorization to apply the UL Mark and/or ULC Mark.

Only those products bearing the UL Mark and/or ULC Mark should be considered as being UL Certified and/or ULC Certified and covered under UL's Follow-Up Services.

Look for the UL Certification Mark and/or ULC Certification Mark on the

Certificate of Compliance

Certificate Number: 20250110-E544002
Report Reference: E544002-20250110
Issue Date: 2025-01-14

This is to certify that representative samples of the product as specified on this certificate were tested according to the current UL requirements.

Model	Product Description
Analog I/O Modules, Vibration Sensor Input modules, AIC214, may be followed by CC	Controllers for Use in Power Production
Analog I/O Modules, Universal I/O Series AIO2xx, AIO208, AIO216, may be followed by CC	Controllers for Use in Power Production
System modules, Backplanes, BS2xx, BS2xx/S, BS2xx/E, xx indicates the number of slots, may be followed by CC	Controllers for Use in Power Production
Interface modules, CANopen Master modules, CM202, may be followed by CC	Controllers for Use in Power Production
Function modules, counter modules, CNT204/x, x can be H, R, H CC	Controllers for Use in Power Production
Digital Input Modules Series DI232x, DI232, DI232/np1, may be followed by CC	Controllers for Use in Power Production
Digital I/O Modules Series DIO2xx, DIO232, may be followed by CC	Controllers for Use in Power Production
Digital I/O Modules Series DIO2xx, DIO248, DIO264, DIO280, may be followed by CC	Controllers for Use in Power Production
Digital Output Modules Series DO2xx, DO216, may be followed by CC	Controllers for Use in Power Production
Digital Output Modules Series DO2xx, DO232, may be followed by CC	Controllers for Use in Power Production
Interface modules, Ethernet master, EM213, may be followed by CC	Controllers for Use in Power Production
Interface modules, Fast Bus modules Fx22x series, FM22x, FS22x/N, x can be 1 or 2, may be followed by CC	Controllers for Use in Power Production
Generic Input/output Module, GIO212, may be followed by CC	Controllers for Use in Power Production
Grid Measurement Module, GM260, may be followed by CC	Controllers for Use in Power Production
Grid Measurement and Protection Module, GMP232/x2, x can be a digit from 1 to 5, may be followed by CC	Controllers for Use in Power Production
Grid Measurement, Synchronization and Protection, GSP274, may be followed by CC	Controllers for Use in Power Production
System modules, Dummy module, LM201	Controllers for Use in Power Production
Processor Modules Series Mx2xx/x, MC206, MC212, MC220, may be followed by CC	Controllers for Use in Power Production
Processor Modules Series Mx2xx/x, MX207, MX213, MX220, may be followed by CC	Controllers for Use in Power Production
Processor Modules Series Mx2xx/x, MX220/2	Controllers for Use in Power Production
System modules, power supply modules, NT255, may be followed by CC	Controllers for Use in Power Production
Interface modules, RS 232/485/422 interface module, RS204, may be followed by CC	Controllers for Use in Power Production

Any information and documentation involving UL Mark services are provided on behalf of UL LLC (UL) or any authorized licensee of UL. For questions, please contact UL Solutions Customer Service at <https://www.ul.com/contact-us>.
